YOUR FIRST CHAPTER

A calmer page.
A clearer mind.

Welcome to your study desk.

01 MAKE YOURSELF AT HOME

Add a PDF from your device. Give it a subject, and keep your textbooks, lecture slides, and revision notes together.

02 TURN DOWN THE GLARE

Open a document to see a black page with light text. Use the Inverted button whenever you want the original colors.

03 THINK ON THE PAGE

Choose Draw in the PDF toolbar and write with your pen. Use Highlight or Add text to make the important bits yours.

A LITTLE PRACTICE

Good ideas start with a scribble.

Try writing a note in the space below.

A SIMPLE THOUGHT EXPERIMENT

What is one thing you would like to understand better today?
Write it down. Sketch a diagram. Connect a few dots.

PICK UP WHERE YOU LEFT OFF

Saved for another day.

Your study desk remembers.

EVERY FIVE MINUTES

Your open PDF and notes save to this device automatically.
Press Ctrl+S or choose Save whenever you want.

WHEN YOU MOVE ON

Returning to the library or closing the app saves your work.
Open your PDF again to continue on the same page.

TAKE YOUR NOTES WITH YOU

Export PDF writes an ordinary PDF with your annotations.
The colors stay normal; inversion is a reading preference.
